

TESTIMONY

Oh my precious friends !!! Just to testify of what I believe is the perfect will of God for me to travel. As you learned, I had lost my National ID. As soon as I paid for a new one, had my photo retaken and filled all necessary forms, I asked when the ID would be ready. I was told after three months and that will probably be in May or June. He even told me others have waited for a replacement as long as one year. I got so disturbed and confused of how it will then be for me to organize my passport and make African country visit (s). Wondering, praying and asking myself what to do. The great Jehovah moved the heart of one in whose house my ID was, this yesterday morning, to kind of check for a tooth brush in a place one can hardly believe a tooth brush can be found. As he climbed up a cupboard, he saw a blue object. He picked up the dusty object (my ID card protective carrier). He opened and found my ID. He then reached my home in the morning and gave me back my ID. I glorified God endlessly the whole day and I couldn't wait but to share this testimony with my friends whom God has used to place the idea of me visiting countries. How would it be? The processes would halted till I get my new ID, which I thought would be two weeks or a month but was going to take months. But God seeing with His great eagle eyes, directed his creature where the ID was hiding. What a glorious God thou art!!! Brother Thomas, I believe without a speck of doubt that it's the perfect will of God for me to move. Anytime now I can process my passport.

From the Regions:

23 people believed in Katuugo Luwero region, 17 believed in greater Mukono region also a Pastor in Kenya believed the message after Pastor Rogers going there and preached to them. However the brothers are so blessed with the messages they receive and they always tell me to send their appreciations to you. Bro Dan was sharing with me how he is teaching the people in his region about Godhead, the coming of Elijah and it was such encouraging to know that the good news continue to spread.

Greetings from the saints here.

God richly bless you.

- Bro. Julius Mukama.-

"And, today, God has made a contract. Not because you were good, not because you had joined church, not because you had been a good rank in society. You can be ever so good, you can live a clean life, you can go to church every day, you can sacrifice every day, you can give a part of your money, you can give up all the sins of the world, and everything, and live just as true and faithful as you can, and you will miss Heaven just as far as East is from the West. That's right. It isn't by goodness that we are saved, but it's by His mercy that we are bought, that God wanted to make sons and daughters. Goodness never makes them. The Spirit of God makes them. If it wasn't so, He wouldn't have had to send the Holy Ghost."

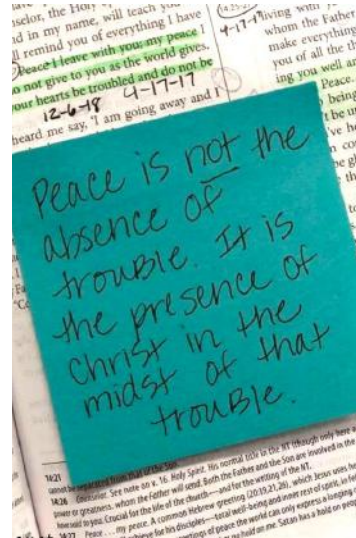

SUNDAY SCHOOL DEPARTMENT

God bless you Parents! We will continue learning about the Life Story of our precious Prophet Bro. William Branham. It has been such an honor and joy to see how much the children have enjoyed learning and to see how much they appreciate how he lived and what he went through. We ask for your prayers as we move forward and as we benefit from all the great things that God did through His mighty Prophet.

Sincerely,

Sunday School Department
